DETAILED ACTION

Claims 20-30 are pending. Claims 1-19 are newly cancelled. Claims 20-30 are new. Receipt and consideration of Applicants' amended claim set and remarks/arguments are acknowledged. All rejections not explicitly maintained in the instant office action have been withdrawn per Applicants' claim amendments. Applicants' claim amendments have necessitated a new rejection under 35 USC § 112, 1st paragraph.

Moot Rejections/objections

All rejections and/or objections of claims 1-19 cited in the previous office action mailed on July 11, 2007 **are moot**, because said claims have been cancelled.

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claim 21 is rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement (new matter). The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. Applicants' specification does not provide written support for the genus of cellulose biopolymer. Applicants' specification only has written support for a narrower genus of carboxymethylcelluloses, carboxymethylcelluloses, and oxycelluloses (see paragraph [0044]).

Art Unit: 1616

Allowable Subject Matter

Claims 20 and 22-30 are allowed, because said claims are free of the prior art.

Conclusion

Claim 21 is rejected. Claims 20 and 22-30 are allowed.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
